With this project, VDOT proposes to replace the superstructures and widen the substructures on two bridges on Route 651 (Sumerduck Road), allowing the bridge decks to be widened to improve safety. Temporary construction easements will be needed. It is possible permanent easements and a utility easement will be needed at one structure. A full closure of Route 651 and a detour for through traffic be required during approximately 12 weeks of construction at each bridge.

Do you support this project?
YES **NO**
Yes, with modifications (please describe the modifications)

How do you plan to travel through along this roadway? (circle all that apply)
Drive Bike **Walk** **Transit** **Other:** _____
